OUR PRODUCTS

Each one of our styling products is altered to suit your styling. Each and every detail is created to make the vision you have given us a reality. We strive to make each wedding unique to the couple and give our all with each set up.

BEFORE THE EXCITING STUFF...

We don't do packages as we feel every couple deserves to have what they want on their wedding rather than what a package dictate, therefore each item is individually priced.

Our team deliver, style and remove all items taking the stress out of your magical day.

Price for Delivery will depend on location. Delivery price doesn't change so if you hire 100 items or 10 the delivery and styling fee will stay the same.

Use this method to guesstimate a rough figure....

Delivery/Styling + Items = Total cost

Obviously we will give you a proper quote too :)

I would 100% recommend Poppy Lane - as a professional wedding photographer I am fortunate enough to have witnessed many beautiful decorated churches and civil ceremonies but Poppy Lane's style is amazing! She has clear artist vision and classic style. My favourite wedding setup of all time is one of Poppy Lane's. Your guests will be amazed and your wedding photographer forever grateful if you book Poppy Lane!

I recently hired the moongate aswell as welcome signs, lanterns and foliage from Stacey. She is an absolute dream to work with and couldn't do enough. I also bought the kids activity books from Stacey which were just beautiful! Thanks so much for everything Stacey xxx

Stacey is an absolute gem, we got let down a few weeks before our wedding by another decor company an my friend recommended Stacey she was so accommodating an put herself out to help me as she was already booked for my date. An of course the way she did up our reception was exceptional the attention to detail was excellent an was exactly what I asked an hoped for. I would 100 percent recommend. Thank you so much Stacey x
